

Dear Ken,

I hope everything is fine with you.

The last week I had been fishing for my last time this year the river Dee: I was in Culter with Mads Pedersen and the Dee had given me the best gift for my last day on this beautiful river. A fresh 15lb male landed at Bridge pool: this will be in my mind until next time I will come back in 2013.

I had 4 fish in my 3 days at Culter also if the river conditions were not "the best": if you trust in the Dee, it will never betray you!

My best thanks to all people working hard to conserve this magnificent river !

Yours Sincerely

Orazio Gatti
